Method of assessment of Cos

- Course Outcome is evaluated by direct assessment method
- Data of students were collected from internal examinations (theory, practical) and university examinations (theory and practical).
- Internal assessment contributes 20% and university assessment contributes 80% to the total attainment of a COs

Attainment level: Course outcomes of all courses are assessed with the help of above mentioned assessment tools and attainment level is evaluated based on set attainment rubrics as follows;

Assessment Tool	Attainment level	○
• (University Examination)	1 (Low)	50% of students scoring more than 60% marks in university examination
	2 (Medium)	60% of students scoring more than 60% marks in university examination
	3 (High)	70% of students scoring more than 60% marks in University examination.
Internal Assessment (Internal Examination)	1 (Low)	50% of students scoring more than 60% marks in Internal examination
	2 (Medium)	60% of students scoring more than 60% marks in Internal examination
	3 (High)	70% of students scoring more than 60% marks in Internal examination.

- Total Attainment = 20% internal attainment + 80% university attainment
- If targets are achieved then all the course outcomes are attained for that year. Hence for the next year higher targets are set as a part of continuous improvement.
- If targets are not achieved the program should put in place an action plan to attain the target in subsequent years.

Method of Assessment of POs :

Program Outcome attainment levels for all POs are set first and then attainment levels are evaluated by two assessment methods.

1) **Direct assessment method** such as student performance in sessional & end semester examination of both theory & Practical considered for attainment of POs.

2) **Indirect assessment method** which includes students exit survey, parent survey and GPAT etc.

Program outcomes are assessed by following Manner :-

Sr.No	Assessment Methods	Attainment Level		
		1 (Low)	2 (Medium)	3 (High)
1	Direct Methods	1 (Low)	2 (Medium)	3 (High)
2	Indirect Methods	1 (Low)	2 (Medium)	3 (High)

Attainment levels as mentioned above are assigned for each POs with respect to these indirect assessment tools which are presented through program level course-PO matrix as indicated).

The final attainment levels for each PO are calculated by different weightage level of direct and indirect assessment correlation levels with respect to each course which is then averaged to obtain the final attainment levels for the programme.

The Weightage ratio for both direct & indirect assessment methods as follows-

Program outcomes	Direct assessment tools	Weightage	Indirect assessment tools	Weightage
PO-1- Pharmacy knowledge	Sessional &End semester examination (Theory/practical)	70	Student exit survey, Parent survey, GPAT etc	30
PO-2-Planing abilities		40		60
PO-3-Problem solving approaches		70		30
PO-4-Modern tool usage		70		30
PO-5-Leadership Skills		60		70
PO-6-Professeional role in society		30		70

Parent survey

- 1) I feel that I have a clear understanding of the Program's goals and objectives
- 2) The Program rules and policies have been clearly communicated to me.
- 3) I feel welcome to visit my Child's College
- 4) Are you Satisfied with your ward's performance in this institute?
- 5) Did you find any positive behavioral change in your ward after joining institute?
- 6) Did you enquire about your son/daughter/wards performance from time to time with the teaching staff of this institute?
- 7) Have you seen academic calendar of this institute issued every year?
- 8) Did you receive any information about absence of your son/daughter/ward from this institute due to irregularity in the class?
- 9) Did you keep yourself aware of the sessional examination and the term end marks of your son/daughter/ward in every term?
- 10) Are you satisfied with the progress of your Ward?
- 11) Is there any common complaint/suggestion of your son/daughter/ward about this institute?
