## Sanitary Vending machine Installation for Girls/women

**Summary** - Sanitary Vending machine Installation for Girls were organize as part of regular activity. The event was carried out on 08/03/2019. Students of DCS's A. R. A College of Pharmacy participated as a regular activity. Installation of sanitary vending machines in colleges for students addresses the crucial need for accessible and convenient menstrual hygiene products. It promotes menstrual health and ensures that students have a reliable and dignified way to manage their periods. The machines are easily accessible, discreet, and provide a variety of sanitary products, eliminating the challenges of availability and affordability. By offering these facilities, colleges create a supportive environment that prioritizes the well-being and comfort of their female students, breaking barriers and promoting gender equality. The initiative contributes to destigmatizing menstruation and empowering young women to pursue their education without interruption. The event was organized under guidance of Principal Dr. R.D. Wagh & Vice- principal Dr. R.B. Patil

## First Covid Vaccination drive

**Summary-** Covid vaccination programme was organized as part of regular activity & Mission Yuva Swastya the event was carried out on 28-10-2021. Student of DCS's A. R. A College of Pharmacy participated as a regular activity. Principal, Vice Principle & rest of teaching and non teaching staff also actively participated in covid vaccination drive. Short informatory lecture is given by Dr. R. D. Wagh Sir. He said that, COVID-19 vaccination drive for students is an essential step in ensuring the health and safety of the student population, as well as the overall community. He also said that, vaccinating students not only safeguards their individual health but also contributes to the protection of the broader community. Students interact with family members, friends, and other community members, including vulnerable populations. By getting vaccinated, students can help prevent the spread of COVID-19 to those who may be more susceptible to severe illness or have compromised immune system
