6.2 Strategy Development and Deployment

6.2.1 The institutional Strategic/Perspective plan is effectively deployed

Response:

DCS's ARACOP, which is affiliated with KBC North Maharashtra University, has a well-planned strategy for institutional growth. The institutional plan is prepared following the guidelines issued from time to time by the University and government bodies for the successful conduct of academic programs and to promote and develop effective Teaching Learning and Research Methodologies. The institute has planned a series of programs over five years to reach this goal. The Governing Body adopts the strategic plan developed by the College Academic Committee and IQAC, in which the goals and action plans are aligned with the Institute's Vision and Mission.

The College Academic Committee deliberates and implements developmental issues and best practices that positively impact the teaching-learning process and act as corrective measures for performance improvement. Faculty members collaborate in areas such as student support and the sharing of expertise gained through various training programmes.

The faculty are self-motivated, undertake research in trans-disciplinary, interdisciplinary, and multidisciplinary areas, and publish their findings. Many faculty members have enrolled in doctoral programs, and some have completed their degrees with the help of the institute. The institute encourages faculty to attend various activities about research. The institute encourages the faculty to remain updated on the latest trends and developments in Research and Teaching methodologies.

Through online knowledge transfer, faculty and students are exposed to appropriate technology in emerging fields. The laboratories are designed and developed to encourage students to facilitate "experiential learning" to relate academic studies with real-time applications.

The college follows the rules of UGC, the government of Maharashtra and Kavayitri Bahinabai Chaudhari North Maharashtra University, Jalgaon for the recruitment and promotion of the faculty under the grant in aid courses. The college always strives to recruit an adequate number of teachers with the desired qualification to maintain the student-teacher ratio at an acceptable level. The college has evolved the mechanism of leaves, salary increments and other benefits for the faculty of self-finance courses.

The necessary infrastructure is availed to encourage participation in sports and games. Institutes Academic calendar is tailor-made according to the institute's strategic plan to build efficiencies in learner engagement. The proposed features of the strategic plan developed for a cycle of 5 years are as under:

- **Teaching and Learning**

Institute has its own teaching and learning platform which connects teachers and their students in one place where teachers can share their study material and courses and also can conduct small tests to know the students' progress. Even through this platform, students get exposure to knowledge from the faculties of different pharmacy colleges globally.

ABOUT US

About Us

Bentham Science is a science, technology, and medical publisher, providing academic researchers and industrial professionals with the latest information in diverse fields of science and technology. Our peer-reviewed scholarly journals and books (under the Bentham Science brand) have an ever-increasing readership of millions of researchers

Since reviewers play an essential role in maintaining the integrity and accuracy of the research, therefore to acknowledge their role, Bentham Science has made its publications and review information available on Publons. Publons provides a formal recognition to our peer reviewers by displaying a verified record of their peer review and editorial contributions for academic journals on their website.
