Subject: - Appreciation letter for using battery powered Vehicle.

Dear Priyanshi,

It gives us immense pleasure and pride to issue this Appreciation letter to you for using E-bike battery powered vehicle for your daily up and down for the college. Pollution is a burning issue today. You are contributing towards environment sustainability by using the E- bike which is good step towards our policy of environment protection. It's a matter of pride to all of us.

You will be inspirational to all students and staff.

We thank you and all the best.

Subject: Proposal for Village Adoption for duration of 5 year

Dear Sir,

Warm greetings from DCS's A.R. A. College of Pharmacy. We are writing to express our strong interest in initiating a village adoption program in collaboration with your esteemed organization. We believe that by joining forces, we can make a significant impact on the lives of individuals in rural communities and contribute to their overall development.

At DCS's A.R. A. College of Pharmacy, we place great emphasis on community engagement and social responsibility. Our dedicated faculty, talented students, and available resources enable us to create positive change through various initiatives. Through the proposed village adoption program, we aim to extend our support to Nimdale and its residents.

Nimdale is a vibrant rural community located in Dhule, Maharashtra, India. We recognize the challenges faced by the village, including limited access to quality education, healthcare, and sustainable livelihood opportunities. By partnering with your organization, we hope to address these challenges and facilitate holistic development.

The key objectives of our proposed village adoption program include:

- **Education and Skill Development:** Establishing educational support systems, providing teaching resources, organizing workshops, and mentoring programs to enhance educational opportunities for the village's children and youth.
- **Healthcare and Sanitation:** Collaborating with medical professionals and organizations to conduct health camps, provide healthcare awareness sessions, and improve sanitation facilities for better health and hygiene practices.
- **Livelihood Enhancement:** Promoting skill development programs, vocational training, and entrepreneurship initiatives to empower villagers with sustainable livelihood opportunities and promote economic growth.

- **Infrastructure Development:** Assisting in the development of basic infrastructure, such as road connectivity, sanitation facilities, clean drinking water, and renewable energy solutions, to improve the quality of life in the village.

We firmly believe that through this collaboration, we can create a positive and lasting impact on the lives of the villagers. Our college community is eager to contribute their expertise, resources, and enthusiasm to support the sustainable development of Nimdale.

We kindly request a meeting or discussion to explore the possibilities of this partnership and discuss the implementation of the village adoption program. Your organization's experience and expertise in community development will be invaluable in shaping our efforts.

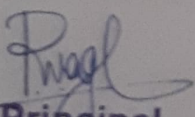

Please find attached a detailed proposal outlining the program objectives, activities, and expected outcomes. We are open to any suggestions, modifications, or additional inputs from your organization to ensure the program's success and effectiveness.

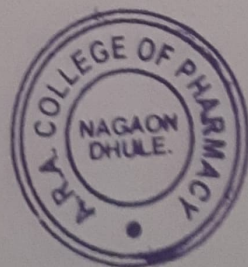

Thank you for considering our proposal. We are excited about the potential of this partnership and the positive impact it can create. We look forward to the opportunity to discuss this further and work together for the betterment of Nimdale and its residents.

Please feel free to contact us at (02562) 261021 or dcsaracop@gmail.com to schedule a meeting or discuss any queries you may have.

Thank you for your time and consideration.

Yours sincerely,

Principal
A.R.A. College of Pharmacy,
